SCALEO® E
Entertainment PC for your living room

Issue September 2005

Pages 2

Would you like a real all-in-one entertainment device instead of numerous different electronic devices? You would really like to have one of these multimedia PCs, but the usual look of desktop-PCs reminded you too much of an office atmosphere! Then have a close look at our new SCALEO E. The SCALEO E is the perfect combination of a powerful, reliable PC and an easy-to-use multimedia device in an attractive silver and piano black glossy design. With the SCALEO E you get a DVD player and recorder, a stereo, a TV receiver (optional), a digital photo and video system, and an advanced home multimedia PC in a very small trendy system

- Advanced entertainment PC in hi-fi design to fit into your living room
- Very silent operation
- Windows XP Media Center Edition 2005 with user-friendly interface
- System quietness and reliability through Fujitsu Siemens Computers' extensive living room form factor experience
- Watch TV as you like: the digital video recorder (PVR) let you pause, record, and replay from TV
- Comfortable recording of your favorite TV programs with electronic programming guide
- Watch movies on DVD or listen to your CDs with the built-in CD / DVD player
- Put everything at your fingertips—instantly access TV, DVDs, movies, home videos, music, photos, and FM radio with the single, infrared remote
- Store video, music, data, and TV on the internal hard drive or record it on DVD with double layer DVD±R/RW drive
- Enjoy digital or analog surround sound output through your AV receiver with the Intel High Definition Audio with 7.1 surround sound
- Watch, edit and print your photos using the integrated multi card reader or USB 2.0 ports
- Connect the SCALEO E to your TV or projector through SCART, DVI, VGA, S-Video
- Supports PC functionality in your living room: Internet, office and gaming
